2023 IN REVIEW

Expanding Our Global Reach

God Centered Life is growing worldwide!

God Centered Life, the broadcast ministry featuring the teaching of Pastor Josh Moody, has just completed its fifth year. Since its launch in November 2018, God has blessed this work with encouraging growth by nearly every measure. More important than the numbers, however, are the lives they represent. As you scan these pages, we trust you will rejoice with us in the number of people who are learning how to put God at the center of all they do.

"I appreciate God Centered Life and the teaching of Josh Moody. It is making such a difference for me, helping me to follow Jesus daily and delight in His Word. My wife is not a believer. There have been a lot of pressures, suffering and difficulties. But I am hopeful, holding on to God's wonderful promises. Thank you again..."
