## HISTORY

God Centered Life was founded in 2007. The ministry draws its name from Josh's book, *The God Centered Life*. In publishing the text, Josh felt burdened to call people everywhere to center their lives around God, and the church to re-orientate itself to divine priorities. This is the key need for our culture at large.

When a national ministry leader approached Josh in 2017 and asked him to consider leveraging his teaching ministry to be heard outside the four walls of College Church, the future path for God Centered Life began to take shape. In 2018, God Centered Life launched a daily radio and internet broadcast featuring Pastor Josh's sermons, trusting it would impact thousands of lives for Christ.

# OUR VISION & MISSION

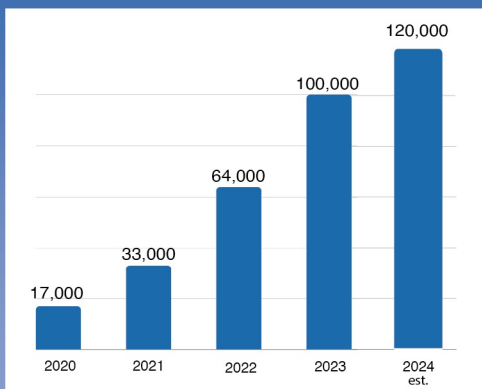

At God Centered Life, our passion is the Gospel. Our vision is all generations living for God. Our mission is to preach the Bible in such a way that people will encounter Christ, grow in their understanding of the Gospel, and be equipped to live in effective, God-centered ways. We will accomplish this mission primarily by using media to engage culture with the power of the Gospel to transform lives, give hope, and provide practical direction for living life as God meant it to be lived.

“ *I am blessed by our Lord Jesus through your teaching, and I am so grateful...and have received sermon after sermon after sermon, devotionals and encouraging words. I listen and learn what Jesus wants me to hear. Thank you...for being obedient to God and following through with His plan for God Centered Life. It is because of Christ that I live, and I love Him more than life itself.*

– Online listener from Canada

“ *I listened to the series titled Apostolic Authority. I had never heard guidance from God explained in that way, but had previously wrestled to understand guidance for a long time. It made a lot of sense and was very helpful. Thank you. May God bless you.*
